Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

safe -this is the only phone service  
we are able to have. We do not have a land based phone due to the exorbitant charges incurred for taxes and fees and long distance when we did not even use it. Please reconsider  
to whom you would charge these extra fees. Maybe it should be an actual usage fee for ones that are not prepaid.

Sincerely,

Teresa Imhoff
